

Quality Policy

OUR POLICY

To continually deliver successful projects to our clients. CDMS Consulting Engineers are committed to:

- QA, health, safety and environment in all aspects of project delivery.
- Strive to understand and deliver on our clients' needs.
- Be reliable and trustworthy.
- Strive to provide the most technically appropriate solution.
- Always focus on total project success.
- Provide the systems that maximize the potential to the driver.
- Our company's mission, goals and objectives are directed towards continuous quality improvement as a basis for strengthening our competitive position and for improving product quality and service standards.
- Ensure our personnel are equipped to deliver to their full potential.
- Satisfy applicable legal, regulatory and other requirements identified.
- Continuously improve the quality system.

The responsibility for application of this policy rests with all personnel.

Damian Connelly
Principal Consulting Engineer
